## NOTICE

### REVISION OF FEES AND CHARGES WITH EFFECT FROM 1<sup>ST</sup> DECEMBER, 2015

As you are well aware of Saroj Gupta Cancer Centre & Research Institute has been providing quality Service in cancer treatment at very nominal price or last 40 years and more.

However because of the inflation and increased cost of all items in recent times, we are being unable to provide the services any more at the existing rates. So the rates are being revised and updated.

The Governing Body members has decided to implement the new rates from 1<sup>st</sup> December 2015, which will be applicable to all patients being admitted from that day (for IPD) and fro all OPD services.

The Governing Body and the Management requests all patrons and well wishers to understand our predicament and request you to continue your co-operation in our endeavor to provide quality care.
