NOTICE

The recent Covid-19 Pandemic has affected the whole world and created a scenario where all normal activities have been grossly affected. Our hospital in keeping with the advisories laid down by the Ministry of Health and Family Welfare has tried to maintain its essential services to the cancer patients.

In order to control the corona virus attack, management has to order large quantities of personal protection equipments (PPE), sanitizers, masks and other tools for the staff and doctors and also bear massive running expenses for general maintenance and infrastructure of this hospital throughout this lockdown period. The general perception is that this ominous stretch might prolong for months to come.

In view of the above facts Governing Body of this Centre has decided to revise all the service charges (except bed rent) by approximately 10% with effect from 18th May, 2020 for all OPD & IPD patients.
